- √ Transparent front window allows users to easily monitor the refill level.
- √ Custom screen printing available.
- √ Simple, hygienic push-button operation.
- √ Maximum efficiency and long-lasting performance.
- √ Easy maintenance and cleaning.

Specialized products

We develop specialized solutions designed to meet the specific demands of professional workplaces.

For skin exposed to challenging conditions, our range includes sunscreen for outdoor workers and an exfoliating hand-cleaning cream that effectively removes industrial grease and grime while being gentle on the skin.

Reliable performance and skin comfort with every application.

PREMIUM SOAP DISPENSER

LIQUID · FOAM

LIQUID AND FOAM SOAP DISPENSER

√ Durable, heavy-duty ABS plastic dispenser designed for dispensing cosmetics, detergents, and disinfectants packaged in the ECOZ system (hermetically sealed 500 mL refill pouches).

√ Quick and easy refilling: The pouch-based system allows for convenient, clean, and hassle-free product replacement.

√ Enhanced hygiene with every refill: Sealed pouches reduce direct product handling and help minimize the risk of cross-contamination.

√ Particularly suitable for institutional facilities, foodservice establishments, and high-traffic environments.

DISPENSING VOLUME PER PRESS

Liquid Dispenser: 1.5 mL · Foam Dispenser: 0.4 mL

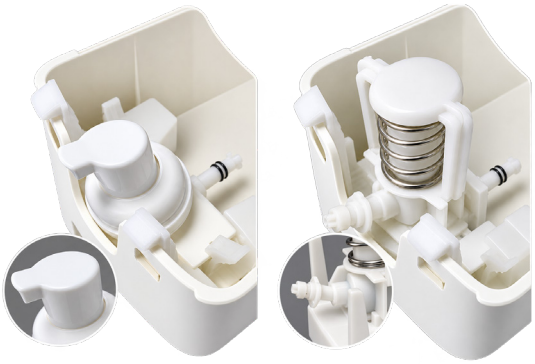

DIRECTIONS FOR USE

Open the dispenser and remove the empty pouch, if necessary. Insert the product pouch (soap, alcohol-based hand sanitizer, or detergent) and properly connect the nozzle to the dispensing mechanism. Close the cover, making sure it is securely in place. Press the push button several times until the product begins to dispense.

To replace the product, remove the used pouch and insert a new one. The pouch-based refill system allows for quick and hygienic replacement while helping reduce the risk of cross-contamination.

FOR PROFESSIONAL USE ONLY
